SUBJECT INDEX

Air conditioning

Prospects for Cool Thermal Storage in Competitive Electric Power Industry, William P. Bahnfleth, P.E. and Douglas T. Reindl, P.E., AE Mar. 98, p18-25.

Air flow

Numerical Verification of Scaling Laws for Smoke Movement in Room-Corridor Structure, W. K. Chow and R. Yin, AE June 98, p52-64.

Architect/engineers

Practioneer's Forum: Quality Based Selection in Design-Build Environment: How Can QBS Work for You? T. S. Slater, P.E., AE Mar. 98, p1-2.

Architectural engineering

Kansas State University Architectural Engineering, David R. Fritchen and Timothy C. Tredway, AE Mar. 98, p34-39.

Leaning-Structure Statics—Flying Buttresses and Mayan Vault Ceilings, John F. McDermott, AE June 98, p75-81.

Architecture

The Conservation and Structural Restoration of Architectural Heritage by Giorgia Croci, Emory L. Kemp, AE Dec. 98, p156-157.

Towers & Domes by F. Escrig, Irving J. Oppenheim, AE Dec. 98, p157-158.

Brick construction

Evaluation of Clay Brick Durability Using Ultrasonic Pulse Velocity, Surej R. Koroth, Paul Fazio and Dorel Feldman, AE Dec. 98, p142-147.

Bricks

Comparative Study of Durability Indices for Clay Bricks, Surej R. Koroth, Paul Fazio and Dorel Feldman, AE Mar. 98, p26-33.

Development of New Durability Index for Clay Bricks, Surej R. Koroth, Dorel Feldman and Paul Fazio, AE Sept. 98, p87-93.

Building design

Comment on the Overall Thermal Transfer Value (OTTV) for Building Energy Control, W. K. Chow and Philip C. H. Yu, AE Dec. 98, p149-154.

Priorities in Building Envelope Design, Mohammad A. Hassanain and Edward L. Harkness, AE June 98, p47-51.

Buildings

Comparative Study of Durability Indices for Clay Bricks, Surej R. Koroth, Paul Fazio and Dorel Feldman, AE Mar. 98, p26-33.

Kansas State University Architectural Engineering, David R. Fritchen and Timothy C. Tredway, AE Mar. 98, p34-39.

Numerical Verification of Scaling Laws for Smoke Movement in Room-Corridor Structure, W. K. Chow and R. Yin, AE June 98, p52-64.

Performance Comparison for Thermal Comfort Sensors, J. Jones, G. Wellman, Y. Kim, H. Singh and B. Krafthefer, AE Sept. 98, p99-106.

Towers & Domes by F. Escrig, Irving J. Oppenheim, AE Dec. 98, p157-158.

Buildings, nonresidential

Prospects for Cool Thermal Storage in Competitive Electric Power Industry, William P. Bahnfleth, P.E. and Douglas T. Reindl, P.E., AE Mar. 98, p18-25.

Buoyancy

Numerical Verification of Scaling Laws for Smoke Movement in Room-Corridor Structure, W. K. Chow and R. Yin, AE June 98, p52-64.

Cables

Laboratory Tests of Cable-Based Roof Moisture Detection System, Stephen N. Flanders and Norbert E. Yankielun, AE Dec. 98, p135-141.

Cladding

Seismic Performance of Architectural Glass in Mid-Rise Curtain Wall, Richard A. Behr, AE Sept. 98, p94-98.

Concrete structures

Preservation of Historic Thin-Shell Concrete Structures, Thomas E. Boothby and Barry T. Rosson, AE Mar. 98, p4-11.

Conservation

The Conservation and Structural Restoration of Architectural Heritage by Giorgia Croci, Emory L. Kemp, AE Dec. 98, p156-157.

Constructibility

Assessment of Constructability Practices Among General Contractors, Felix T. Uhlik and Georgina V. Lores, AE Sept. 98, p113-123.

Construction

Liability in Designing for Construction Worker Safety, John A. Gambatese, AE Sept. 98, p107-112.

Trends in the Construction Needs of Hospital Facilities, Felix T. Uhlik and Jimmie Hinze, AE Dec. 98, p132-134.

Construction control

Lessons from an Outpatient Surgery Center, James W. Johnson, P.E., AE June 98, p83-86.

Construction management

Lessons from an Outpatient Surgery Center, James W. Johnson, P.E., AE June 98, p83-86.

Contract administration

Lessons from an Outpatient Surgery Center, James W. Johnson, P.E., AE June 98, p83-86.

Contractors

Assessment of Constructability Practices Among General Contractors, Felix T. Uhlik and Georgina V. Lores, AE Sept. 98, p113-123.

Cooling systems

Practioneer's Forum: Occupant Satisfied Approach to Energy Conservation, James W. Johnson, P.E., AE Mar. 98, p2-3.

Curricula

Kansas State University Architectural Engineering, David R. Fritchen and Timothy C. Tredway, AE Mar. 98, p34-39.

Curtain walls

Seismic Performance of Architectural Glass in Mid-Rise Curtain Wall, Richard A. Behr, AE Sept. 98, p94-98.

Decision making

Decision Support System for Residential Land Development Site Selection Process, Charles McIntyre and M. Kevin Parfitt, AE Dec. 98, p125-131.

Decision support systems

Decision Support System for Residential Land Development Site Selection Process, Charles McIntyre and M. Kevin Parfitt, AE Dec. 98, p125-131.

Demand

Prospects for Cool Thermal Storage in Competitive Electric Power Industry, William P. Bahnfleth, P.E. and Douglas T. Reindl, P.E., AE Mar. 98, p18-25.

Design

Design Fee Versus Design Deficiency, Abdulaziz A. Bubshait, Fahd A. Al-Said and Mohammed M. Abolnour, AE June 98, p44-46.

Kansas State University Architectural Engineering, David R. Fritchen and Timothy C. Tredway, AE Mar. 98, p34-39.

Lessons from an Outpatient Surgery Center, James W. Johnson, P.E., AE June 98, p83-86.

Liability in Designing for Construction Worker Safety, John A. Gambatese, AE Sept. 98, p107-112.

Practioneer's Forum: Quality Based Selection in Design-Build Environment: How Can QBS Work for You? T. S. Slater, P.E., AE Mar. 98, p1-2.

Design review

Assessment of Constructability Practices Among General Contractors, Felix T. Uhlik and Georgina V. Lores, AE Sept. 98, p113-123.

Domes, structural

Towers & Domes by F. Escrig, Irving J. Oppenheim, AE Dec. 98, p157-158.

Drift

Seismic Performance of Architectural Glass in Mid-Rise Curtain Wall, Richard A. Behr, AE Sept. 98, p94-98.

Durability

Comparative Study of Durability Indices for Clay Bricks, Surej R. Koroth, Paul Fazio and Dorel Feldman, AE Mar. 98, p26-33.

Development of New Durability Index for Clay Bricks, Surej R. Koroth, Dorel Feldman and Paul Fazio, AE Sept. 98, p87-93.

Evaluation of Clay Brick Durability Using Ultrasonic Pulse Velocity, Surej R. Koroth, Paul Fazio and Dorel Feldman, AE Dec. 98, p142-147.

Earthquakes

Seismic Performance of Architectural Glass in Mid-Rise Curtain Wall, Richard A. Behr, AE Sept. 98, p94-98.

Elevators

Numerical Studies on Recent Large High-Rise Buildings Fire, W. K. Chow, AE June 98, p65-74.

Energy conservation

Practioneer's Forum: Occupant Satisfied Approach to Energy Conservation, James W. Johnson, P.E., AE Mar. 98, p2-3.

Energy transfer

Comment on the Overall Thermal Transfer Value (OTTV) for Building Energy Control, W. K. Chow and Philip C. H. Yu, AE Dec. 98, p149-154.

Envelope

Comment on the Overall Thermal Transfer Value (OTTV) for Building Energy Control, W. K. Chow and Philip C. H. Yu, AE Dec. 98, p149-154.

Evaluation of Clay Brick Durability Using Ultrasonic Pulse Velocity, Surej R. Koroth, Paul Fazio and Dorel Feldman, AE Dec. 98, p142-147.

Priorities in Building Envelope Design, Mohammad A. Hassanain and Edward L. Harkness, AE June 98, p47-51.

Environment

Practitioner's Forum: Identifying Performance and Priorities, Norman J. Glover, AE June 98, p41-43.

Environmental quality

Performance Comparison for Thermal Comfort Sensors, J. Jones, G. Wellman, Y. Kim, H. Singh and B. Krafthefer, AE Sept. 98, p99-106.

Error analysis

Design Fee Versus Design Deficiency, Abdulaziz A. Bubshait, Fahd A. Al-Said and Mohammed M. Abolnour, AE June 98, p44-46.

Errors

Design Fee Versus Design Deficiency, Abdulaziz A. Bubshait, Fahd A. Al-Said and Mohammed M. Abolnour, AE June 98, p44-46.

Fees

Design Fee Versus Design Deficiency, Abdulaziz A. Bubshait, Fahd A. Al-Said and Mohammed M. Abolnour, AE June 98, p44-46.

Finite element method

Low Velocity Impact Resistance of Laminated Architectural Glass, F. W. Flocker and L. R. Dharani, AE Mar. 98, p12-17.

Fires

Numerical Studies on Recent Large High-Rise Buildings Fire, W. K. Chow, AE June 98, p65-74.

Numerical Verification of Scaling Laws for Smoke Movement in Room-Corridor Structure, W. K. Chow and R. Yin, AE June 98, p52-64.

Fluid dynamics

Numerical Verification of Scaling Laws for Smoke Movement in Room-Corridor Structure, W. K. Chow and R. Yin, AE June 98, p52-64.

Frost penetration

Comparative Study of Durability Indices for Clay Bricks, Surej R. Koroth, Paul Fazio and Dorel Feldman, AE Mar. 98, p26-33.

Development of New Durability Index for Clay Bricks, Surej R. Koroth, Dorel Feldman and Paul Fazio, AE Sept. 98, p87-93.

Glass

Low Velocity Impact Resistance of Laminated Architectural Glass, F. W. Flocker and L. R. Dharani, AE Mar. 98, p12-17.

Seismic Performance of Architectural Glass in Mid-Rise Curtain Wall, Richard A. Behr, AE Sept. 98, p94-98.

Guidelines

Priorities in Building Envelope Design, Mohammad A. Hassanain and Edward L. Harkness, AE June 98, p47-51.

Heating

Practioneer's Forum: Occupant Satisfied Approach to Energy Conservation, James W. Johnson, P.E., AE Mar. 98, p2-3.

Historic sites

Preservation of Historic Thin-Shell Concrete Structures, Thomas E. Boothby and Barry T. Rosson, AE Mar. 98, p4-11.

History

The Conservation and Structural Restoration of Architectural Heritage by Giorgia Croci, Emory L. Kemp, AE Dec. 98, p156-157.

Towers & Domes by F. Escrig, Irving J. Oppenheim, AE Dec. 98, p157-158.

Hospitals

Lessons from an Outpatient Surgery Center, James W. Johnson, P.E., AE June 98, p83-86.

Trends in the Construction Needs of Hospital Facilities, Felix T. Uhlik and Jimmie Hinze, AE Dec. 98, p132-134.

Ice

Prospects for Cool Thermal Storage in Competitive Electric Power Industry, William P. Bahnfleth, P.E. and Douglas T. Reindl, P.E., AE Mar. 98, p18-25.

Impact forces

Low Velocity Impact Resistance of Laminated Architectural Glass, F. W. Flocker and L. R. Dharani, AE Mar. 98, p12-17.

Indexing

Comparative Study of Durability Indices for Clay Bricks, Surej R. Koroth, Paul Fazio and Dorel Feldman, AE Mar. 98, p26-33.

Development of New Durability Index for Clay Bricks, Surej R. Koroth, Dorel Feldman and Paul Fazio, AE Sept. 98, p87-93.

Insurance

Liability in Designing for Construction Worker Safety, John A. Gambatese, AE Sept. 98, p107-112.

Integrated systems

Kansas State University Architectural Engineering, David R. Fritchen and Timothy C. Tredway, AE Mar. 98, p34-39.

Laboratory tests

Laboratory Tests of Cable-Based Roof Moisture Detection System, Stephen N. Flanders and Norbert E. Yankielun, AE Dec. 98, p135-141.

Laminates

Low Velocity Impact Resistance of Laminated Architectural Glass, F. W. Flocker and L. R. Dharani, AE Mar. 98, p12-17.

Land development

Decision Support System for Residential Land Development Site Selection Process, Charles McIntyre and M. Kevin Parfitt, AE Dec. 98, p125-131.

Leaning structures

Leaning-Structure Statics—Flying Buttresses and Mayan Vault Ceilings, John F. McDermott, AE June 98, p75-81.

Liability

Liability in Designing for Construction Worker Safety, John A. Gambatese, AE Sept. 98, p107-112.

Limit analysis

Leaning-Structure Statics—Flying Buttresses and Mayan Vault Ceilings, John F. McDermott, AE June 98, p75-81.

Materials testing

Comparative Study of Durability Indices for Clay Bricks, Surej R. Koroth, Paul Fazio and Dorel Feldman, AE Mar. 98, p26-33.

Materials tests

Evaluation of Clay Brick Durability Using Ultrasonic Pulse Velocity, Surej R. Koroth, Paul Fazio and Dorel Feldman, AE Dec. 98, p142-147.

Moisture

Laboratory Tests of Cable-Based Roof Moisture Detection System, Stephen N. Flanders and Norbert E. Yankielun, AE Dec. 98, p135-141.

Monitoring

Laboratory Tests of Cable-Based Roof Moisture Detection System, Stephen N. Flanders and Norbert E. Yankielun, AE Dec. 98, p135-141.

Monuments

Towers & Domes by F. Escrig, Irving J. Oppenheim, AE Dec. 98, p157-158.

Multistory buildings

Numerical Studies on Recent Large High-Rise Buildings Fire, W. K. Chow, AE June 98, p65-74.

Nondestructive tests

Evaluation of Clay Brick Durability Using Ultrasonic Pulse Velocity, Surej R. Koroth, Paul Fazio and Dorel Feldman, AE Dec. 98, p142-147.

Numerical analysis

Numerical Studies on Recent Large High-Rise Buildings Fire, W. K. Chow, AE June 98, p65-74.

Owners

Lessons from an Outpatient Surgery Center, James W. Johnson, P.E., AE June 98, p83-86.

Planning

Practitioner's Forum: Identifying Performance and Priorities, Norman J. Glover, AE June 98, p41-43.

Pore size distribution

Development of New Durability Index for Clay Bricks, Surej R. Koroth, Dorel Feldman and Paul Fazio, AE Sept. 98, p87-93.

Preservation

Preservation of Historic Thin-Shell Concrete Structures, Thomas E. Boothby and Barry T. Rosson, AE Mar. 98, p4-11.

The Conservation and Structural Restoration of Architectural Heritage by Giorgia Croci, Emory L. Kemp, AE Dec. 98, p156-157.

Priorities

Practitioner's Forum: Identifying Performance and Priorities, Norman J. Glover, AE June 98, p41-43.

Priorities in Building Envelope Design, Mohammad A. Hassanain and Edward L. Harkness, AE June 98, p47-51.

Problem solving

Practitioner's Forum: Identifying Performance and Priorities, Norman J. Glover, AE June 98, p41-43.

Professional services

Lessons from an Outpatient Surgery Center, James W. Johnson, P.E., AE June 98, p83-86.

Project planning

Decision Support System for Residential Land Development Site Selection Process, Charles McIntyre and M. Kevin Parfitt, AE Dec. 98, p125-131.

Projects

Practioneer's Forum: Quality Based Selection in Design-Build Environment: How Can QBS Work for You? T. S. Slater, P.E., AE Mar. 98, p1-2.

Qualifications

Practioneer's Forum: Quality Based Selection in Design-Build Environment: How Can QBS Work for You? T. S. Slater, P.E., AE Mar. 98, p1-2.

Rehabilitation

Preservation of Historic Thin-Shell Concrete Structures, Thomas E. Boothby and Barry T. Rosson, AE Mar. 98, p4-11.

Renovation

Trends in the Construction Needs of Hospital Facilities, Felix T. Uhlik and Jimmie Hinze, AE Dec. 98, p132-134.

Residential location

Decision Support System for Residential Land Development Site Selection Process, Charles McIntyre and M. Kevin Parfitt, AE Dec. 98, p125-131.

Resistance

Low Velocity Impact Resistance of Laminated Architectural Glass, F. W. Flocker and L. R. Dharani, AE Mar. 98, p12-17.

Restoration

The Conservation and Structural Restoration of Architectural Heritage by Giorgia Croci, Emory L. Kemp, AE Dec. 98, p156-157.

Retrofitting

Practioneer's Forum: Occupant Satisfied Approach to Energy Conservation, James W. Johnson, P.E., AE Mar. 98, p2-3.

Roofs

Laboratory Tests of Cable-Based Roof Moisture Detection System, Stephen N. Flanders and Norbert E. Yankielun, AE Dec. 98, p135-141.

Safety

Liability in Designing for Construction Worker Safety, John A. Gambatese, AE Sept. 98, p107-112.

Scale models

Numerical Verification of Scaling Laws for Smoke Movement in Room-Corridor Structure, W. K. Chow and R. Yin, AE June 98, p52-64.

Seismic response

Seismic Performance of Architectural Glass in Mid-Rise Curtain Wall, Richard A. Behr, AE Sept. 98, p94-98.

Selection

Practioneer's Forum: Quality Based Selection in Design-Build Environment: How Can QBS Work for You? T. S. Slater, P.E., AE Mar. 98, p1-2.

Sensors

Laboratory Tests of Cable-Based Roof Moisture Detection System, Stephen N. Flanders and Norbert E. Yankielun, AE Dec. 98, p135-141.

Performance Comparison for Thermal Comfort Sensors, J. Jones, G. Wellman, Y. Kim, H. Singh and B. Krafthefer, AE Sept. 98, p99-106.

Shafts

Numerical Studies on Recent Large High-Rise Buildings Fire, W. K. Chow, AE June 98, p65-74.

Shape

Shaping Structures: Statics by Waclaw Zalewski and Edward Allen, Sharon S. B. Kuska, AE Dec. 98, p155-156.

Simulation

Comment on the Overall Thermal Transfer Value (OTTV) for Building Energy Control, W. K. Chow and Philip C. H. Yu, AE Dec. 98, p149-154.

Site selection

Decision Support System for Residential Land Development Site Selection Process, Charles McIntyre and M. Kevin Parfitt, AE Dec. 98, p125-131.

Smoke control

Numerical Verification of Scaling Laws for Smoke Movement in Room-Corridor Structure, W. K. Chow and R. Yin, AE June 98, p52-64.

Statics

Leaning-Structure Statics—Flying Buttresses and Mayan Vault Ceilings, John F. McDermott, AE June 98, p75-81.

Shaping Structures: Statics by Waclaw Zalewski and Edward Allen, Sharon S. B. Kuska, AE Dec. 98, p155-156.

Statistical models

Design Fee Versus Design Deficiency, Abdulaziz A. Bubshait, Fahd A. Al-Said and Mohammed M. Abolnour, AE June 98, p44-46.

Storage

Prospects for Cool Thermal Storage in Competitive Electric Power Industry, William P. Bahnfleth, P.E. and Douglas T. Reindl, P.E., AE Mar. 98, p18-25.

Structural design

Shaping Structures: Statics by Waclaw Zalewski and Edward Allen, Sharon S. B. Kuska, AE Dec. 98, p155-156.

Structural forms

Shaping Structures: Statics by Waclaw Zalewski and Edward Allen, Sharon S. B. Kuska, AE Dec. 98, p155-156.

Structures

The Conservation and Structural Restoration of Architectural Heritage by Giorgia Croci, Emory L. Kemp, AE Dec. 98, p156-157.

Towers & Domes by F. Escrig, Irving J. Oppenheim, AE Dec. 98, p157-158.

Surveys, data collection

Assessment of Constructability Practices Among General Contractors, Felix T. Uhlik and Georgina V. Lores, AE Sept. 98, p113-123.

Trends in the Construction Needs of Hospital Facilities, Felix T. Uhlik and Jimmie Hinze, AE Dec. 98, p132-134.

Tall buildings

Priorities in Building Envelope Design, Mohammad A. Hassanain and Edward L. Harkness, AE June 98, p47-51.

Temperature sensors

Performance Comparison for Thermal Comfort Sensors, J. Jones, G. Wellman, Y. Kim, H. Singh and B. Krafthefer, AE Sept. 98, p99-106.

Thermal energy

Prospects for Cool Thermal Storage in Competitive Electric Power Industry, William P. Bahnfleth, P.E. and Douglas T. Reindl, P.E., AE Mar. 98, p18-25.

Thermal factors

Performance Comparison for Thermal Comfort Sensors, J. Jones, G. Wellman, Y. Kim, H. Singh and B. Krafthefer, AE Sept. 98, p99-106.

Thin shell structures

Preservation of Historic Thin-Shell Concrete Structures, Thomas E. Boothby and Barry T. Rosson, AE Mar. 98, p4-11.

Towers

Towers & Domes by F. Escrig, Irving J. Oppenheim, AE Dec. 98, p157-158.

Turbulence

Numerical Verification of Scaling Laws for Smoke Movement in Room-Corridor Structure. W. K. Chow and R. Yin, AE June 98, p52-64.

Ultrasonic testing

Evaluation of Clay Brick Durability Using Ultrasonic Pulse Velocity, Surej R. Koroth, Paul Fazio and Dorel Feldman, AE Dec. 98, p142-147.

Ventilation

Practioneer's Forum: Occupant Satisfied Approach to Energy Conservation, James W. Johnson, P.E., AE Mar. 98, p2-3.
